Announcements

Produce

We have added fresh produce to the ordering sheet!

The best method is gauging how many households you serve in a typical month and multiplying HH by 10-15#'s of produce for total produce pounds. From there, you will divide by how many "types" (apples, potatoes, zucchini, etc.) of produce you want. Kayla or Nicole are happy to help you with this process as needed.

Snack Packs!

Shelf stable snack packs are available on the order sheet (#77053). They include turkey sticks, raisins, mac n cheese, and fruit cups to name a few. These are perfect for drop-in emergencies! The contents are in a small box versus a bag. Contact Stephanie Erickson at serickson@greatplainsfoodbank.org with any questions.

Summer Fridays

Beginning June 2nd, Great Plains Food Bank will be closing at 12:00PM on Friday afternoons until Labor Day. This will not affect local retail rescue routes, ordering windows, or standing meetings. Direct any concerns to Kayla or Nicole.

Milk Order Survey

We are excited to have the opportunity to bring fluid milk into our warehouse. This milk would be purchased through the Local Food Purchase Assistance Cooperative Agreement Program, so would be available at no cost to partners. Knowing that the shelf life of milk can be short, we want to first gauge how much milk you would be able to distribute in a month. Please complete the short 5 question survey using the link below. We appreciate your time in helping us to ensure our inventory meets your needs.

Diapers

There are size 3, 4, and 5 diapers available on the order sheet at no cost with a limit of 5 per agency. Scoop them up during your order window!
